IT'S NOT  
ONLY WHERE  
TO LOOK  
IT'S HOW**

**Innovative breast  
biopsy techniques  
from Dr. Edith Behr**

Dr. Edith Behr, M.D.  
General Surgeon  
Member of the Medical Staff

**The  
Surgical  
Team of**

Sometimes, regular breast self-exams aren't enough. That's why Dr. Edith Behr is here to help. Compared to traditional breast biopsies, Dr. Behr's innovative techniques are less invasive and more accurate. That means no scarring and unprecedented precision. For more information on breast health and diagnostics, turn to Dr. Behr, an invaluable member of the highly skilled Pottstown Memorial Medical Center Surgical Team.
